Hi Anthony –

I will be out of the office Monday and Tuesday next week. Would you be available for a conference call on Wednesday, 7/22? I am free all day. If Wednesday doesn't work, I could set aside time Thursday afternoon or anytime on Friday. Let me know what works and I'll send out a meeting request with call-in info.

Nicole

I wanted to just drop you a note on the subject project. I am in the process of putting together a Closure plan for three Class V Injection Wells – Cesspools that received Sanitary Waste exclusively.

I was hoping to discuss with you prior to submitting as I wanted to get a feel of how extensive this plan is and the proper procedures for submission. I am following the EPA's guidance that is attached.

I am also planning on providing the attached EPA form 7520-17 as part of the package for each well.

Your input on this action would be appreciated.

Thank you

Darci,

Tony is doing the closure project for the remaining cesspools at Macomb. Do you have a contact at EPA that Tony can work with?
